

Childcare Centres Environmental Site Assessments

Client

Councils, community groups and private childcare centre operators.

Project

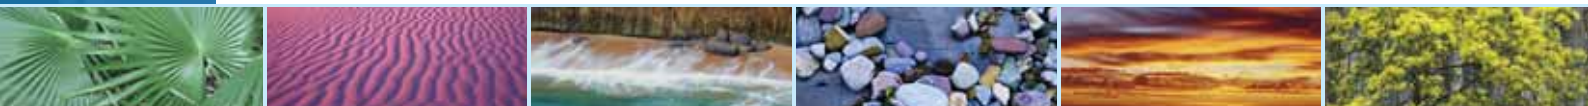

Soil assessments to the requirements of the Department of Human Services (DHS) to ensure that childrens' services are satisfactory for purpose under Section 10 of the Children's Service Act (1996). Assessments are undertaken in accordance with Victorian DHS guidelines (P/N2006/79), AS4482.1, AS4482.2, NEPM and SEPP (Prevention and Management of Contamination of Land) 2002. We have undertaken approximately fifty childcare assessments in country and metropolitan Victoria. Field work was undertaken without play time disruption and with minimal disturbance to daily activities.

Services provided

- Proposed childcare centres
- Extensions to existing childcare centres
- Outdoor buildings in existing childcare centres
- Subdivisions including proposed childcare centres.
